**PRE DEGREE PROGRAMME**  
**PROSPECTUS**

## **Preamble**

The sponsor of Joseph Ayo Babalola University is aware of the parlous state of education in Nigeria and is determined to join forces with other providers of higher education in Nigeria, to salvage the current situation. In this respect it has mandated the Board of Trustees of the University, to use education to bring about moral regeneration, godliness, selfless leadership, positive attitude to work and manual labour, self reliance and mutual understanding and love among ethnic, tribal and religious groups.

## **Location of the University**

By divine injunction, Joseph Ayo Babalola University is located at Ikeji Arakeji where the great Apostle and revivalist received his call. Ikeji Arakeji is located in Osun State of Nigeria, along Ilesha Akure Road. It is on a virgin land but close to three major cities namely, Osogbo, Ilesha and Akure. Apart from its accessibility to other cities in the South Western part of the country, the Ilesha-Akure road is a popular route to the eastern and northern parts of the country. Joseph Ayo Babalola University is about three hours drive to the nation's largest international airport in Lagos, the commercial capital of Nigeria.

Ikeji Arakeji provides a serene atmosphere for scholarship, but close enough to a number of cities where staff and students could carry out any transactions. Its virtual isolation however makes ideal for proper academic activities and character training, being reasonably removed from the corrupting influences of the city life.

## **Vision of the University**

Joseph Ayo Babalola University is planned to be a private University of international standard which would be noted for its clear and unique focus as well as specialized programmes. The University would distinguish itself within the Nigeria University community for intellectual break-through and relevance in national development.

## **Mission Statement**

Joseph Ayo Babalola University is to provide teaching, research and service that would encourage learning and stimulate academic exchange at both national and international fora.
